Notes for John Miller:

My name is Richard Miller. Ancestry says our DNA shows a link at the 4th to 6th cousin level. I see you have Charlotte Miller in your tree. I am descended from John Miller, Charlotte's sister.

You have a bit of information from further up the Miller line, linking Charlotte and John's grandfather John Miller to William Miller and Sarah Weetman. I suspect that came, directly or indirectly, from me. I now believe that John is the son of Thomas, and that he was born in Burrough on the Hill in 1749. Thomas's wife was Elizabeth Middleton - no relation to Kate that I have been able to establish!

---

My tree contains more information on Elizabeth and her ancestors. I still haven't been able to establish Thomas's birth for certain, but I think there is a reasonable case for him being the son of Francis, born in Owston.
